"Loretta Love Huff provided a wonderful event titled "Setting and clarifying your personal or business mission, vision and goals" for Alliance of Technology and Women (ATW) in Phoenix on January 22, 2008.

The outcomes for those who attended the event were as follows:

- *Clarify or deepen understanding of overall life purpose*
- *Identify gaps and resources to accomplish goals*
- *Define an implementable action plan*
- *Identify mechanisms to stay on track*

95% of the attendees rated the session 'Very valuable'. Their comments included remarks such as "very timely; very effective, informative; great; fantastic; excellent; high energy, positive, great tools; excellent."

As a meeting planner, I found Loretta to be easy to work with, focused and organized. She arrived early to the event and was very prepared."
